General Disclaimer

To the extent Client has an error or inquiry and makes a request to Moody's Analytics for troubleshoot, Moody's Analytics (and its affiliates) reserve the right to log on to such Client's account solely for the purpose of recreating any reported account issues and Client waives any right to confidentiality of any information Client may have stored in its account.

Access to Structured GenAI technology ("Output") is expressly conditioned upon your acceptance of the following terms and conditions. By indicating your acceptance of these terms and by accessing and using the Output, you and the entity on whose behalf you are accessing, agree that the Output is being provided to you by Moody's Analytics, Inc. and/or its affiliates (collectively, "Moody's") and is subject to the terms of the subscription agreement between Moody's and the entity on whose behalf you are accessing ("Subscription Agreement").

The Output is generated by Moody's using an artificial intelligence model to generate content. The Output is derived from notices received from CLO trustees, and the Output may contain errors, inconsistencies, or outdated or incomplete information. You must not rely on the Output and must independently verify the accuracy of the Output and its sources.

You shall only use the Output for internal purposes and within the parameters outlined in the Subscription Agreement. You shall not distribute the Output. You shall not use the Output for "unacceptable" (prohibited) or "high-risk" use cases as defined in the European Union's Artificial Intelligence Act or similar use cases under similar legislation and regulations, and the Output is not suitable for such purposes. Moody's does not make any express or implied representation or warranty regarding the Output and Moody's shall not have any liability to you arising out of or related to your use of the Output.
